### About

Passionate Full Stack Developer with expertise in building modern web applications using cutting-edge technologies including Next.js, SvelteKit, Node.js, and Prisma ORM. Proven problem-solving capabilities demonstrated by successfully completing over 200 LeetCode challenges. Dedicated to continuously sharpening technical skills and delivering intuitive, user-centric software solutions.

### Technical Skills

**Frontend Technologies:** React.js, Next.js, SvelteKit, React Native, Redux.js, HTML, CSS, JavaScript, TypeScript, Tailwind, Bootstrap, SASS, Framer Motion, Formik.

**Backend Technologies:** Node.js, Express.js, Prisma ORM

**Databases:** SQL, MySQL, MongoDB.

**DevOps & Tools:** Git, GitHub, Jira, Docker, Kubernetes, Linux, cPanel, Skaffold, NATS.

**Programming Languages:** JavaScript, TypeScript, Java, C#

### Work Experience

**Arniva, Frontend Developer** Jul 2025 – Jan 2026 | Muğla, Turkiye

- Enhanced the user interface of an existing tourism web platform to improve overall user experience.
- Redesigned platform aesthetics to be more modern, intuitive, and user-friendly.
- Optimized cross-page interactions and ensured consistent layout structures throughout the application.

**Mava, AI Engineer Intern** Jun 2025 – Jul 2025 | Muğla, Turkiye

- Developed an AI-powered restaurant recommendation model to improve dining suggestions.
- Scraped and leveraged comprehensive review data from multiple Turkish restaurant websites to train the AI model.

**Arniva, Full Stack Developer** Apr 2024 – Jun 2025 | Muğla, Turkiye

- Engineered a comprehensive restaurant management system utilizing Node.js, SvelteKit, Prisma, and MySQL.
- Integrated major third-party delivery platforms including Trendyol, Yemeksepeti, and Getir into the management ecosystem.

**Mena Gate, Full Stack Intern** Jul 2023 – Sep 2023 | Istanbul, Turkiye

- Collaborated alongside experienced software engineers to develop team collaboration and discipline skills.
- Utilized cPanel and Linux operating systems for deployment and server management tasks.

### Key Projects

**Excursion Mania, Multi-Vendor Tourism Platform**

- Enhanced the user interface, overall usability, accessibility, and visual design of a multi-vendor tourism website and application.
- Refactored legacy code and optimized layouts to deliver a cleaner, more intuitive user experience.
- Implemented responsive, interactive components to ensure seamless functionality across various devices and vendors.

<https://excursionmania.com/>

**E-Restoran, Integrated Order Management Platform**

- Built a powerful order management web application integrating multiple platforms like Trendyol, Yemeksepeti, Migros, Getir, and Fudy.
- Developed advanced features to centralize the management of orders, couriers, and restaurants, streamlining daily operations.

### Education

**Bachelor's degree in Computer Engineering, Firat University** Sep 2022 – Jul 2026 | Turkiye

### Courses

**React Native - The Practical Guide** Jan 2025 – Mar 2025  
Built mobile applications from scratch, implementing authentication, authorization, and backend integration

**Microservices with Node JS and React** Aug 2024 – Sep 2024  
Built full-stack web applications utilizing Docker, Kubernetes, Skaffold, and NATS

**Next.js 14 & React - The Complete Guide** Aug 2023 – Sep 2023

**React, NodeJS, Express & MongoDB - The MERN Fullstack Guide** [↗](#)

Dec 2022 – Jan 2023

**NodeJS - The Complete Guide (MVC, REST APIs)** [↗](#)

Oct 2022 – Dec 2022

**React - The Complete Guide (incl Hooks, React Router, Redux)** [↗](#)

Jul 2022 – Aug 2022

### **Additional Information**

---

**Languages:** Arabic (Native/Bilingual) , English (Fluent) , Turkish (Fluent - C1 Tömer Certification).
